## effects of smoking:

### eyes

- increased risk of glaucoma, cataracts, dry eye syndrome, and age related macular degeneration

### heart

- increases blood pressure
- increases chances of stroke, heart disease, and heart attacks :3

### mouth

- causes bad breath!! eww
- increases risk of oral cancer
- causes tooth decay
- builds up plaque!

NOOO MIKU !!

### brain

- increased risk of developing dementia
- impaired memory
- cognitive decline
- reduced learning ability

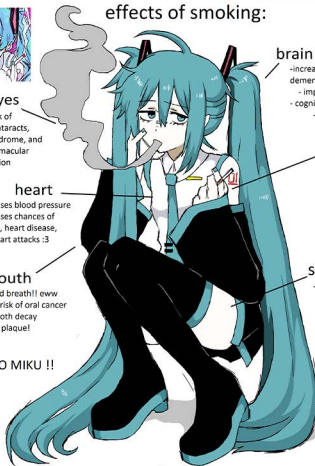

### lungs

- causes permanent damage to ur lungs
- :P
- increase risk of lung cancer and COPD

### skin

- causes premature aging
- causes skin discoloration
- causes even bigger baggy eyes >:|
